Newly revamped

The claim form has been redesigned in partnership with a leading London council.

Claim form configurator

The claim form can be customised to your requirements using the claim form configurator.

Management Information & statistics

Perform a cost benefit analysis on benefits to your services, analyse and report on financial gains.

In-built scheduler

The tool contains an in-built scheduler so you can manage application processing to your requirements.

Intuitive to use

Designed to be intuitive and user-friendly the claim form meets digital UX guideline standards.

Accessible & easy

All you need to access the claim form is a simple browser - it's available 365 days a year, 24/7, wherever you have internet access.

Fully customisable pages

All help and support content within the tool can be customised to service requirements.

Responsive design

Fully compatible with all mobile and tablet devices.
